About Healthy TexturesM.M (Jacksonville)

MANY THANKS TO YOU AS THIS SITE HAS BECOME ESSENTIAL FOR ME DURING MY HAIR CARE JOURNEY.

A.P

Hi Gennifer,

I love your site! Just wanted to say thank you for this wonderful site. Your videos are very helpful. I tried the saran wrap "treatment" last night and cannot believe how silky my hair came out. I cannot believe I've never heard of this!

K.H. (Bollingbrook)

I am forever rollersetting. I have used your technique for the last three weeks and my hair has NEVER felt better. It's healthy, shiny, and the curls last a long time. Thanks so much!!!! This is awesome....and I have short hair.

H. (East Orange)

After talking to the stylist and giving him a little history about my hair, just as you have suggested below, using Mizani Thermasmooth is the exact product he mentioned he would use to begin my blowout process. Needless to say, I am now even more confident I will be in good hands. I will let you know my results and continue viewing and learning more about healthy hair technics and viewing the

tutorials. Your site is excellent for all trying to maintain a healthy hair texture, whether natural, relaxed or tex-laxed. This is a wonderful and informative site. Wish me luck. Thank you.

S.R (Brampton)

I'm new to this site. I came across it last year and have recently decided to join. I'm interested in growing longer, stronger hair. Thank you Gennifer for all the valuable information you have provided to teach black women how to care for their hair.

About Our Courses!

Check out what members are saying about our recent 8 week [Air-Drying Course](#):

A.M (Marlboro) You did an excellent job, Gennifer! This was a great course. Thanks for all you do. S.B.

informative. I learned a great deal, and have fallen in love with air drying! M.J. (Bronx) Thanks Genn!

A.S. (Jackson)

You have given some valuable information during this course. I love to air dry my hair. I was so afraid to air dry at first. But your tips helped me. Now, I love to do it. Great Job Gennifer!!!! M.M. (Albany) ITA, this

was an excellent course - very polished/professional as well! Thank you so much because I'm very comfortable and confident with air drying now. C.V.K. (Bonabrocka) Gennifer, really enjoyed this course.

Thank you very much for all the info. My first attempt of air drying before this course was a complete disaster, my hair was dry and brittle.. After this course, equipped with knowledge my hair is softer and thicker..I was

also able to easily stretch my relaxer for 13 weeks, when before I struggled stretching for 8 weeks.. Many Thanks.. T.G. (Odenton) Thanks for the course Genn...I really appreciate it! This has truly been a

valuable lesson. I know have quite a bit to stash into my DIY arsenal! I LOVE AIRDRYING! M.S.

(Brampton) This was very well done. Having the videos to watch and review make things alot easier. If you're not sure of any one step/process all you have to do is watch them again.

Your instructions were clear and very encouraging to those who may not have tried some of the techniques before your Air Drying Course.

This was the first challenge I participated in and am looking forward to seeing all that you can throw at us.

And lastly, my hair is DEFINITELY healthier, thicker (which I didn't think could happen) and longer (gained a couple of inches) than before.

Thank you, Genn. F.H. (London) Wonderfully enjoyable course! I've learnt so many different ways to airdry and I've enjoyed experimenting with them. I'm so looking forward to future courses.

Many thanks Gennifer!

S.B. (Cleveland) Gennifer, you are a born teacher, and a true hair guru! I loved the format of the course, and the videos. I learned a lot about air drying the hair that I didn't know about before. This course gave me the courage to try to find a new air drying technique that would work for me. I will be air drying more in the future! Thank you so much for all you do for hair!!
